メキシコ留学中の中沖くんからの便り

By International Exchange Committee

Hi! Is it cold in Japan? It's warmer here than in Japan. The temperature in December is sometimes around 30 degrees Celsius.

Mexico has a very important day. The day is called "Day of the Dead". It is November 2nd.

All the people decorate a picture of a dead member of the family, and put some gifts around it.

My school held a party on the day. And we didn't have any classes then. All right!

Mexican food is very delicious. I like them very much.

Japanese people eat rice. On the other hand, Mexican people eat "Tortilla". It is cooked in a lot of ways. For example, it is cooked into soup, Tacos, Quesadillas, etc.

Tortilla is made from corn. My favorite Tortilla cuisine is Tacos. Also, many Mexican dishes are served with spicy sauce. I can't eat spicy dishes now. But I hope that I will be able to eat them soon.

Gracias todos!

Let's enjoy the life at Kisogawa H.S .together!
