

We Enjoyed School Festival!

今年も無事に本校生らしい学校祭を行うことができました。

Sports Festival- September 22nd
Cultural Festival-September 21st,24th

Not to win, but to enjoy yourselves. Maybe that's what matters most.

The school festival was over on September 24th. As much as I was anxious about the pandemic, I enjoyed both the sports festival and the cultural festival.

The sports festival was held at Ichinomiya City Gym. The students bonded together to win, which was quite impressive to me. Also dances were powerful and amazing. Unfortunately, our class didn't win the championship.

At the cultural festival, every class organized some entertaining programs. The theme of my class was "Summer Festival". A lot of students came to enjoy our programs. I was very pleased to see that. Even though I couldn't visit all the classes, I will always remember the day.

(2nd grade H.S girl)

At the sports festival, I saw cool performances. Especially, I loved dance performances the best.

At the cultural festival, our class held a "Casino". I was worried that the students wouldn't show up, but it turned out to be a great success. I enjoyed playing games with them. I really had a wonderful time!
