Sports Festival September 9th

School Festival "Became a Life-Long Memory"

“

What would the school festival be like?

We enjoyed ...
Dance performances,
Haunted House,
Maid Cafe,
Casino,
Photo Studio,
Popcorn Stands,
Relay,
Skipping rope,
Tug of war
etc...

“

Enjoying, not winning counts most.

I joined the relay, but I ran in a wrong lane, but nobody got angry. They said "You made us laugh." What cool classmates they are!

Many thanks to the third grade students

The most memorable event for me during the school festival is the sports day. I belonged to the team "D" and we won several awards. And especially, I was very glad that we won the first prize in dancing. We put so much time and efforts during the summer breaks, so everything paid off. It was so great to see the third grade members receive the awards. Thank you so much for leading us, junior members to the final stage.

Mokko Festival when everybody became happy

I made lots of memories at the school festival this year. At the cultural festival, our class featured "Summer Festival".

We decorated the classroom and sold food, which was really fun. I also enjoyed preparing with my classmates. I was very happy to see lots of people come and have fun.

At the sports festival, I enjoyed both dancing and the athletic events. Because of the COVID-19 there were fewer dance members than we had expected. I believed that everyone enjoyed our performance from the bottom of their heart. It was great to have such a memorable school festival.
